Mommy, I'm hungry. . .

When have the words “Mommy, I’m hungry” ever struck panic into your heart? Not often, right? For many in our town, they do. Your heart breaks because you know that childhood summer memories should NEVER be about hunger, panic and worry!

Nearly 8,000 children in School District #2 have limited access to nutritious food. The end of the school year means the end of school breakfast and lunch.

Hunger and a lack of food and resources bring hundreds of people to Family Service each month. With kids at home during the summer, demand for food goes up. It coincides with a decline in donations.

We need your help!

With your generous gift, food boxes are widely available to families and individuals going through hard times.

Research shows that \$55.86 feeds one child (age 1-11) for 2 weeks. Can you please help with a gift of \$111 to feed one child for a month? Or even \$333 to feed one child for the full summer vacation?

Please help us feed the children of Yellowstone County
this summer! Your help makes a real difference!

Ethan, a first grader at a local elementary school, watched his mom load the car with a food box from Family Service. He became more and more excited as he realized that all of the food was for their family. When he saw the fruit bowl, he told our Food Service Coordinator that he could hardly wait for breakfast because all he had eaten while they had been camping was peanut butter. Weeping, his mother confided that they weren't actually camping. Their utilities had been turned off so they went camping down by the river so the kids wouldn't know their harsh reality. Money from our Rent and Utility Assistance Program helped turn the power back on.

With your generous support, we can keep up with the increased demand for food boxes during the summer months. Families with children, senior citizens, the sick and disabled and individuals will have enough to eat. There won't be panic or worry - just warm weather and sunshine - the way summer is supposed to be!

We can't do it without you! Your gift really matters!

With Gratitude,

Stacy Brown
Executive Director

You help us serve hundreds of seniors too!

To see and hear about the positive effects our food boxes have had on senior citizens living in our community go to:
